SHVYDKYI MYKYTA

FULL STACK DEVELOPER

ABOUT ME

Programming Languages:
PHP, JavaScript, TypeScript, SQL, CSS

Frameworks:
Laravel, Express, Angular, Vue

Technologies:
SQL databases, fulltext search engines, queued systems.

CAREER

I'm a full stack developer with eight years of commercial experience. However, most of the timei was working on one high-load project developing new features, optimizing it and, of course, providing support and monitoring.
